## SUMMARY

---

Curious by nature, fast learner and gamer in my spare time. I'm Victor, a Brazilian web developer currently based in Toronto, Canada. I have a full-stack certificate from the University of Toronto Coding Bootcamp and my skill set includes Javascript, HTML, Node.js, React and CSS, as well as experience with modern frameworks like bootstrap, tailwind and bulma as seen in my projects. I like building things from scratch - like this portfolio - and I'm always eager to learn new things.

## PROFESSIONAL EXPERIENCE

---

### Junior Front-End Developer, Google, Toronto, Ontario

Jan/2022 – Present

- List accomplishments, not responsibilities
- Make sure they're written in a consistent form
- Use the active voice
- Quantify results wherever possible
- Match the language from the job description
- Another accomplishment.

### Junior Front-End Developer, Amazon, Toronto, Ontario
